

FUTURE.INDUSTRY 2025

The Science of Possibility

March 5-6, 2025 | Virtual Global Event

Future.Industry is Altair's flagship annual virtual event - a global event for a truly global audience.

When data science meets rocket science, great innovation happens. Join us as we explore the future of what's possible in technology, as thought leaders, industry experts, and visionaries converge to share their insights on the latest trends that promise to reshape the landscape of tomorrow.

The event will once again be presented across three time zones to suit APAC, EMEA, and AMER regions. All presentations will have live audio translation into eight languages.

Why Attend?

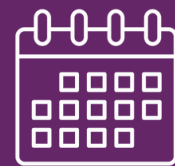

- Exclusive Insights: Access firsthand knowledge from industry leaders and experts.
- Networking Opportunities: Connect with professionals who are leading the future of technology.
- Interactive Sessions: Engage in hands-on experiences, panel discussions, and live Q&A sessions.
- Global Perspective: Gain a comprehensive understanding of what's happening globally.

Day 1 will focus on future trends, emerging technologies, and inspiring sessions from global industry leaders.

Day 2, will present four parallel tracks focusing on frictionless AI, simulation, revolutionizing HPC, and academia.
